Summary

Sure! Here's a text about you:

My name is Kauan, and I am a student studying electronic
engineering at UPE and Computer Science at Nova Roma
University.I was interning at Secti as a Developer. I have a
strong passion for technology and enjoy learning about how to
protect systems from cyber threats. Although my English is at an
intermediate level, I am always working to improve my skills. I
believe that mastering programming will help me contribute positively
to the tech community. I'm excited about the future and the endless
possibilities in this field! I also program in C# and Java.

Experience

**Secretariat of Science, Technology and Innovation of the State of
Pernambuco**
Intern
February 2025 - October 2025 (9 months)
Pernambuco, Brazil

During my internship, I contributed to software development projects focused
on improving internal systems and automation processes. I worked with
technologies such as C#, .NET, and SQL, assisting in code implementation,
debugging, and testing. This experience strengthened my understanding of
backend development and teamwork in an agile environment.
